The 'Gator moving picture show is supplying some very attractive pectures from night to night, as well as at the matiness Wednesday and Saturday afternoons.

The seating arrangements at the Gator are both comfortable and well placed for obtaining a good view of the best operators to be obtained, and proposes to maintain the show on the same high plane in future as in the part, giving the people the best selection of film

The continued large patronage and highly commendatory remarks made by visitors to the 'Gator are proof of the The children of the kindergarten, efforts to give them their money's worth

> A Preserve Owner's Sick Trout. A man whose experience as a sportz-man had been limited to an occasional day's fishing in the mountains bought for himself a place with a fine trout preserve on Long Island. He looked forward with great interest to the last opening day, as that would be his first opportunity to fish in his own pond, and when the day at last arrived the first streak of daylight found him leav-A day or two later a sportsman friend

inquired as to what luck he had had. "I caught plenty of fish, and big ones, too." responded the owner of the preserve. "There are plenty of trout in the pond, but they all seem to be

"Why, what's the matter with them?" asked the sportsman.

"Well," answered the preserve owner, "to tell the truth, we were afraid to eat them. Their flesh is pink, and I' never saw a brook trout that color be-

"Don't you know, man," exclaimed the sportsman, with a laugh, "that any trout will turn pink if it lives in sait water? Your pond empties into the sound, and of course the trout run in and out. The next time you have any of that sort of sick trout just send them in to me, and I'll eat them for you with pleasure."—New York Times.

A Tiny State. The miniature republic of San Marino is a mere dot on the map of Europe, being the smallest state in the world as we'll as the oldest independent republic. Its area is thirty-eight square miles, only little less than twice that of the island of Manhattan. It lies entirely in Italy, but is wholly independent. Its situation is on the easterly side of the Etruscan Apen-nipes and about twelve miles from Rimini, on the Adriatic sea. The frontier is only twenty-four miles in length. and the population would make only a small city ward, numbering less than 12,000. There is no public debt, and the annual expenses met by taxe amount to \$10,000. The country has brouse and silver currency, coined by Italy, 158,000 lire of the latter and 105,-
